Let's Talk Payroll!

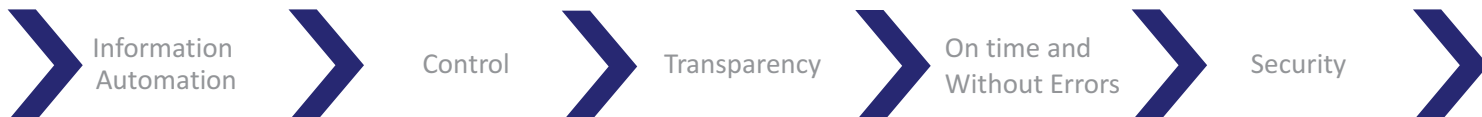

By offering flexible services according to each company's particular needs at Payroll Plus[®] we specialize in managing high volume payrolls, consultancies regarding labour obligations, labour taxes and contributions, handling bank accounts and treasury in general.

Foreign Clients

Almost 100% of our clients are international companies doing business in Mexico.

By concentrating exclusively on this area we dedicate our experience to helping with issues that foreign companies may be faced with when doing business in Mexico.

What distinguishes us?

Services and Solutions

Salary Structure Analysis. We offer your employees attractive benefit structures by optimizing the tax burden on their salaries, according to the necessities of each particular case.

Registration with the Labour Authorities. Amongst the many Labour obligations that companies must comply with in Mexico are the registrations with the State Labour Authorities and the Social Security Authorities.

Processing Payroll. We manage your payroll process optimizing the time spent on tax and social security contribution calculations for the employees as well as for the company. We adapt to your particular needs by running payroll on a weekly or biweekly basis or according to particular periods as required by the company.

Interface with your Systems. We adapt to your incidence control systems; through personalized interfaces we share the information needed in order to prepare payroll free of input errors.

Expatriate Taxes in Mexico. For foreign workers in Mexico that require special payroll treatment, we process a mirror payroll allowing them fulfill obligations in their country of origin as well as in Mexico.

Fulfilling Obligations. An important part of the many labour obligations is filing the tax returns before the Mexican Authorities, with our compliance management we make sure your salary, work risk and annual state tax returns, amongst others, are filed on time.
